

Use your meeting spaces more efficiently with our compact interactive meeting room signs

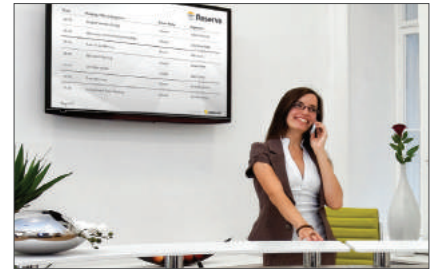

Maximise Workspace Utilisation

Manage 'no shows' with automated removal of meeting if the organiser does not attend.

Prevents Double Bookings

Eliminate the distraction, confusion and frustration caused when two meetings are scheduled in the same room.

Find Your Meeting with Ease

Reserva wayfinding clearly shows meetings about to start and where they are being held.

Reserva is an intuitive meeting room signage solution which can be used in corporate, education and hospitality industries. Reserva supports integration with market leading calendar and timetabling systems.

Room signs

A range of interactive meeting room signs, dynamically linked to your calendaring system.

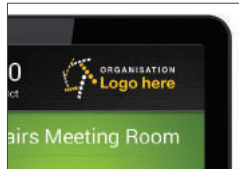

Easy to Install

The 10.1" Reserva Room Sign features Power over Ethernet for quick, single cable installation.

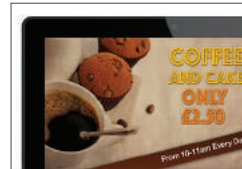

Manageable

Our management tools give you fine grain control over the configuration of your Reserva Room Signs.

Customisable

Your meeting room signage blends seamlessly into your working environment and branding.

Digital Signage

Reserva gives you the ability to show other content alongside your meeting room signage.

Range of Screens

A range of screen sizes from 7-21", there is always a Reserva screen to meet your needs.

Way finding

Multiple meeting rooms summarised on one screen

Meeting summary

Reserva Wayfinder / Meeting Summary solution shows start times, and locations of upcoming meetings across a range of meeting rooms.

Full screen or multi zone

The Wayfinder / Meeting Summary solution can be setup to run full screen or to be shown as part of a multi zone layout. Content can also be displayed portrait or landscape.

Digital Signage

The Wayfinder / Meeting Summary solution can be shown alongside a range of other content such as corporate communication, health and safety messaging, brand promotion or advertising.
